SUBJECT INDEX, VOLUME 151

Animal Behavior
reproduction in *Etheostoma zonale* 1
roost selection and roosting behavior of male common nighthawks 79
Animal Ecology
fish assemblage dynamics in an adventitious stream 134
Animal Physiology
effects of supplemental high-fat forage on body composition in wild meadow voles 146
Anoplophora glabripennis 170
Aquatic Ecology
effects of hydrology on unonids and zebra mussels 286
estimating survival and recruitment in freshwater mussel populations 114
fish assemblage dynamics in an adventitious stream 134
simulation models of harvested and colonized Threeridge mussels 301
Berberis thunbergii 206
Celastrus orbiculatus 233
Delphinium nuttallianum 201
Dormitator latifrons Richardson 165
Entomology
age and risk of sexual canabalism in male crab spiders 318
ground dwelling spider assemblages habituating riparian forests 15
potential geographic distribution of *Anoplophora glabripennis* in North America 170
Endangered and Threatened Species
nest tree use by endangered Virginia northern flying squirrel 355
Etheostoma zonale 1
Florida, goldenrod 65
Florida, scrub gaps and roadsides 101
Ichthyology
changes in scientific names *Notropis stramineus* (Cope) and *N. ludibundus* (Girard) 164
fish assemblage dynamics in an adventitious stream 134
helminth parasites of the Pacific fat sleeper ... 165
ontongeny of larval greater redhorse 93
reproduction in *Etheostoma zonale* 1
Illinois, habitat use by loggerhead shrikes 338
Indiana, distribution of fox squirrel leaf nests ... 369
Invasive Species
Japanese barberry in forest under-story response to nitrogen 206
potential geographic distribution of *Anoplophora glabripennis* in North America 170
Invertebrate Zoology
allometric equations for estimation of dry mass from length for earthworms 179
brood size in fresh water bivalves 274
Ohio shrimp and glass shrimp 265
Iowa, community change and management 241
Kansas, ridge effects on nesting Dickcissels 192
Lanius ludovicianus 338
Lasiurus borealis 186
Lasiurus seminolus 186
Lepus californicus 414
Lepus callotis 414
Macrobrachium ohione 265
Mammalogy
abundance and richness of shrews within forested habitats 399
Allegheny woodrat use of rock drainage channels 346
badger predation on yellow-bellied marmots 378
co-occurance of Chihuahuan Desert hares 414
distribution of fox squirrel leaf nests 369
ectoparasites of a threatened insular endemic island spotted skunk 35
effect of supplemental high-fat storage in wild meadow voles 146
effects of female prairie vole immigrants on space use 88
experimental approach to homing in white footed mice 408
indexing swift fox populations using scats 42
nest tree use by endangered Virginia northern flying squirrel 355
partitioning of food resources by syntopic eastern red and evening bats 186
population characteristics of Virginia opossum during raccoon reduction 154
small mammal communities of high elevation wetlands 388
survival and cause-specific mortality among furbearers 27
Mexico, Pacific fat sleeper parasites 165
Microtus ochrogaster 88
Microtus pennsylvanicus 146
Misumena vatia 318
Moxostoma valenciennesi 93
Neotoma magister 346
New Mexico, swift fox populations 42
Nycticeius humeralis 186
Notropis stramineus 164
Notropis. ludibundus 164
Ohio, reproduction of *Etheostoma zonale* 1
Ornithology
edge effects on nesting Dickcissels 192
habitat use by loggerhead shrikes 338
roost selection and roosting behavior of male common nighthawks 79
veery nest sites 326
Palaemonetes kadiakensis 265
Parasitology
ectoparasites of a threatened insular edemic island spotted skunk 35
helminth parasites of the Pacific fat sleeper ... 165
Peromyscus leucopus 408

Plant Ecology
effects of competition on plant allometry and defense 50
life of a fire adapted Florida goldenrod 65
Plant Physiology
effects of hydrology, herbivory on plant recruitment 217
Japanese barberry in forest under-story response to nitrogen 206
survival, growth and gas exchange of *Celastrus orbiculatus* 233
Plant Population Ecology
dandelion flower influence on native plants .. 201
differential tree colonization of old fields 251
plant community change with 50 years of management 241
Population Ecology
estimating survival and recruitment in freshwater mussel populations 114
indexing swift fox populations using scats 42
population characteristics of Virginia opossum during raccoon reduction 154
Sciurus niger 369
Solidago odora 65
Spiza Americana 192
Taxonomy
scientific names *Notropis stramineus* (Cope) and *N. ludibundus* (Girard) 164
Threatened and Endangered Species
ectoparasites of a threatened insular endemic island spotted skunk 35
Vegetation Ecology
shifting sands in Florida scrub gaps and roadsides:dynamic microsites for herbs 101
West Virginia, use of drainage channels by woodrats 346
